5th Annual Interprofessional Health Showcase

<https://healthipe.utexas.edu/interprofessional-health-showcase-2023>

Welcome to the Center for Health Interprofessional Practice and Education's (HIPE Center's) 5th Annual Interprofessional Health Showcase! We are honored to showcase 80+ health-related projects from students and residents across UT Austin and partner institutions in 5 categories: community engagement, quality improvement, research, literature review, and health innovation. Our learners are doing amazing, innovative work and we're excited for you to see for yourself!

The schedule includes an in-person poster presentation session with all authors and two oral award finalist sessions held synchronously via Zoom. Additionally, we hope that you'll take time to view our digital poster gallery that contains all projects and to vote for your top 3 favorite posters in our **People's Choice category**. The link to vote is on our [event webpage](#) and included in the digital poster gallery. The schedule and links are listed on the next page.

The HIPE Center is very excited to showcase innovations from interprofessional collaborators from many schools, programs, and professions across UT and beyond. Authors include students from undergraduate, graduate, and professional programs, as well as residents. We are thrilled that **37% of abstracts were submitted by interprofessional teams**, meaning authors from two or more professions collaborated on each of these projects. Additionally, **58% of projects involve community partners**. Finalists will compete in "Best in" categories that include research, community engagement, and health innovation. Three other award categories, visual, project-in-progress, and interprofessional project, will also be selected.

We would like to thank our founding partners: the College of Pharmacy, Dell Medical School, the School of Nursing, and the Steve Hicks School of Social Work. We also extend our sincere appreciation to faculty, staff, and practitioners from the College of Education, the College of Natural Sciences, the College of Pharmacy, Dell Medical School, the McCombs School of Business, Moody College of Communication, the School of Nursing, the Steve Hicks School of Social Work, the University of Texas Health Science Center San Antonio, and UT Health Austin for their participation as abstract reviewers, poster judges, and oral presentation session moderators.

We also gratefully acknowledge our sponsors for their dedication to supporting health care and health care education: CVS Health, H-E-B, and Walgreens.

The HIPE Center's mission is to lead innovative interprofessional education, practice, and scholarship that advances collaborative person-centered care and population health. This showcase operationalizes this mission and demonstrates the breadth of health-related projects from UT Austin, as well as the importance of interprofessional collaboration and team-based care. If you are interested in learning more about our work, please contact us at healthipe@austin.utexas.edu.

Schedule of Events

April 14, 2023

Showcase Information: <https://healthipe.utexas.edu/interprofessional-health-showcase-2023>

10:00a – 11:00a **Oral Presentations – Session 1**

<https://utexas.zoom.us/j/93425372218>

Meeting ID: 934 2537 2218

Presentations by finalists in the **research** category.

Finalists are listed [here](#) and denoted in the following poster directory with an *

11:15a – 12:15p **Oral Presentations – Session 2**

Join Zoom Meeting

<https://utexas.zoom.us/j/95492279282>

Meeting ID: 954 9227 9282
